SPRING MEETING
April 17th
beginning at
3:00 PM sharp. TYC
Clubhouse

Tuscarora **Currents** **MOVING FORWARD**

INFRASTRUCTURE UPDATE SPRING MEETING LAUNCH DETAILS

As launch quickly approaches I am very pleased to share and tell you about the work that has been ongoing these past several months. I am again amazed at what a team we have, not only in the Board of Directors, but the entire TYC team. I am so pleased at the number of volunteers that have been coming to the club week after week to help with our renovation project(s).

Bill Fleming
TYC Commodore

The Spring Meeting is April 17th and will begin promptly at 3:00 PM. The Board has much to share on our progress thus far as well as future plans we are working on.

The Liaison Committee has met with the Clark Family for a second time to share ideas and keep good lines of communications between everyone involved. The topics discussed included progress on the mainland wall, bridge and Haines sea wall repair. The mainland wall repair has been continuing and has been a high quality job. Clark Marine has opted to install Gabian retaining walls. Gabian retaining walls are basically "wired baskets" that contain large rocks that when filled may be stacked to form a secured retaining wall. Not only is it more attractive than other options it offers great water drainage

and less maintenance requirements. The improvements continue with major reconstruction of the sea wall both on the mainland and in the Haines area as well as great improvement to the bridge infrastructure. The Clark's investment was significant and will go a long way to securing the grounds for years to come. Future infrastructure repairs are schedule on the island next year and include repair work to the sea wall on the west wall of the island.

TYC also presented Clark Marine with plans for improving the outdoor space around the island. This includes some major improvement and investment to our patio area. It is in the early design and negotiation phase so more information will be shared when the details have been confirmed. We also discussed some general housekeeping items as well as solidifying some important lease details.

The Board of Governors met and discussed our progress and goals for the next several years. It was an excellent informative meeting and I was able to gain valuable insight and guidance from our past Commodores.

I am looking forward to seeing everyone's reaction to the new and greatly improved clubhouse. This has been a project in the making for nearly two years. Our original designs were started, then tweaked, then finally approved for construction in January this year.

Construction began on February 20th and has officially ended this past week. We still have some clean up to do, but the construction is complete. We have increased the usable club house area by 20%, which was greatly needed.

This job was a huge undertaking and went so well because of the enthusiastic involvement of nearly sixty club members. I know when I picked up the phone and called asking for volunteers there was always a willing member who said, "Yes, I'll be there."

There are (literally) too many people to thank for making this happen and I am not sure of the best way to properly acknowledge everyone. So I will say to all of you, thank you on behalf of all the TYC membership. However, I must thank a few of the "team" leaders that organized and executed the master plan. Patience and Cal Tinkey have been the general contractors for this entire project, from design to execution. They have been working non-stop on this project so it would be ready for all of us to enjoy in time for the Spring Meeting. Brian Murray, Gene Haas, Dave Kahl, Ed Kelly, Peter Hubbell, Ernie Pipiles and many others have gone above and beyond for all of our benefit.

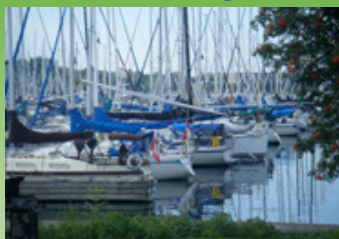

We hope to introduce several new members at the Spring Meeting so be sure to welcome them. If you don't recognize someone on the island be sure to welcome them, who knows they may be looking to join the club.

Finally, I would like to thank PC Doug David, PC Dave MacLeod, Rear Commodore Jim Krakowiak for their constant guidance and assistance.

CLUB CRUISES

2010

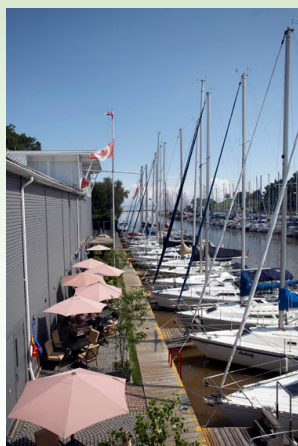

Mimico Cruising Club

July 30 - August 1

*Followed by the
(the following weekend)*

Oakville Club

August 6 - 8

These two cruises are back to back and offer a great option for a week long cruise,

more to come....

Would you like to organize a club cruise?

Contact the Vice Commodore

Director of Operations Tom Beachy

The "tear down that wall" demolition project was a sight to behold on April 20th!

Air hammer action, sledge hammers flying, torches cutting metal, circular saw cutting re-bar/cement, and wheel barrows removing debris (all at once!).

Factory unions would put a stop to all the

hard workers or put them on report! Patience and Cal Tinkey co-chaired the event and lined up (40) members to accomplish the task. David Kahl and Gene Haas did electrical work and installed the new replacement fans. Brian Murray and Ed Kelly also did electrical work. Carol Goulah and Jan Klapper made excellent chili for all who worked.

The mainland bulkhead reconstruction is progressing (by Clark Marine) and the docks have new steel support posts; New docks have been installed on the island and several refurbished.

The majority of last year's stewards will be returning; Some new have been hired.

The volunteer lists are below....(please let me know if I missed your name):

Todd Ciehomski

Dave Kahl

Gene Haas

Peter Hubbell

Ed & Linda Kelly

Torsten Doering

Ernie Pipiles

Shelley Richards

Roger & Linda Maddigan

Cal & Patience Tinkey

Dave McLuckie

Peter Wilson

Jan Klapper

Sam Libordi

Carol Beachy

Jim Thompson

Brett Decker

Mike Lazich

Martin Casstevan

Eileen Hassett

Pat Lockwood

Chris Finitz

Dave Adelizi

Bill Maloney

Brian Murray

Silke, Josh & Rachel Ernisse

Ron & Carol Goulah

Bill & Karen Guggemos

Gary Baxter

Peter Fleckenstein

Tom & Heidi Beatty

Anna Fleming

Jeff Jordan

Mike Tomaino

Dave MacLeod

Director of Harbor Operations Jeff Strothmann

One again spring is upon us and we are all looking forward to another boating season. The ice is all gone now, but thanks to a colder than usual winter, we were able to get a lot of work done. As of the last issue of 'Currents' we had our first work party and had gotten several docks pulled and a few pipes removed. Since then we have pulled a few more pipes that were getting in the way, and have installed four new docks. I have been informed of several issues in Haines that need to be addressed, and will be looking into ways of getting them done over the summer. Once again, if there are any problems with your dock, please let me know and I will try to get it done this summer for you. If not this summer, I will put it on my repair list to tackle next winter. The

new Officer of the day schedule has also been done for this year and can be found in this issue of 'Currents'. If anyone would like to get in some work hours, I have a few easy projects, just call or e-mail me.

Secretary Shelley Richards

Hope springs eternal when you are less than (5) weeks from launch!

Lots of promises to self and family for more trips, more use of the club and more use of your boat. Launch is like a boater's new year!

I promise to take some trips this year on "Seven Sisters" and maybe a race or two..... The good news and the bad news is that I will have more time for that. Last week the captain of my Pacific Cup ride had to cancel the trip because of difficulties in getting the boat back to San Francisco.

It's a glorious (2) week race to Kaneohe, Hawaii, but as off-shore sailing goes, someone has to do the return trip – if you are really rich you ship it back to the tune of at least \$15,000. And if you are not..... you take a three week upwind ride home. Soooooo, Bill Fleming and I will have to see what the next Pacific Cup brings in 2012. For now my eyes will be to getting "SS" ready to cross Lake Ontario and enjoy the beauty of our great lake, which we all know has her own charm!

So here is to a fantastic 2010 sailing and boating season, and some trips to places unknown!

On a business note, the reciprocal letters will be going out soon to our friends around the lake. The Commodore has composed a letter you can take with you on your jaunts that makes our position on reciprocity clearly understood. We will post it on our website for all to see and also a book will be kept in the Stewards' office, including an index of all clubs' status. This will be on the TYC website also.

Cheers!!

TYC Commodore's Tea

Saturday, May 8th at 1:00 p.m.

The Commodore's Tea is becoming one of TYC's wonderful traditions. We hope you will join us this year for our fourth annual tea. If you are hesitant to come because you feel as if you don't know many people, all the more reason to come!

The tea is meant to be fun. We will have some typical afternoon tea fare--tea sandwiches, scones with clotted cream, and many desserts involving chocolate and fruit. It is a great chance for members of the club to get to know each other better. The Tea is open to all members, but we must admit that it seems to have more appeal for the women of TYC than the men.

Last year, some members even wore "tea hats," although hats are certainly not required, and the definition of a "tea hat" is open to interpretation. The dress is whatever you like, but most of us are casual. It will be a great way to begin the boating season and enjoy our newly renovated clubhouse. Since Mother's Day is May 9th this year, it could be a good way to celebrate Mother's Day.

The cost this year will be \$10. We ask that you bring along a favorite tea cup, if you have one. If you do not, we will have extras. There are several small white tea pots available, if you would like to purchase one for \$7.00, but they are on a first come basis.

You may pay at the door, but it will help in the planning if you send an email as soon as you can indicating that you are planning to attend to either :

Eileen Anderson (esanderson@adelphia.net), Denise David (ddavid839@roadrunner.com)
Chris MacLeod (cdmacleod31@hotmail.com)

Hope to see you there!

A Blue Print for Overcoming Obstacles

FLOYD "RED" CLARK

A BLUEPRINT FOR
OVERCOMING OBSTACLES

BY
LOU MICHEL

This is the story of Red Clark, from his early childhood days in Niagara Falls to how he became one of the most successful businessmen in New York State.

Many of us "know" Red, but wait until you read this book. It gives a whole new perspective to the words perseverance and hard work.

Available at the IGA in Wilson.

*A must read for
all TYC members.*

Vice Commodore Dave Adelizi

As the spring approaches, so do several important events at TYC. Following are details related to upcoming events. Please take time to look at the complete activities schedule that is

updated on line.

April

Spring Meeting – Saturday, April 17 – Meeting will be held in our TYC clubhouse. We will start at 3:00PM sharp. For your planning purposes, the board is committed to holding the length of the meeting to a maximum of an hour and a half. **There will be no food served at this meeting**, so please prepare accordingly.

May

Boat Launch- Fri-Sun. April 30, May 1, 2 Times and sign-up sheets for work crews will be posted on the bulletin board. Food will be available to the work crews thanks to Carol Goulah and Jan Klapper.

Commodores Tea – Saturday May 8 - The Commodore's Tea is becoming a TYC tradition. The Tea is open to all members. It's not only a fun time but an opportunity to meet and greet new club member. Tea sandwiches, scones with clotted cream, and many desserts

involving chocolate and fruit will be served. If interested in planning or have questions contact Eileen Anderson, Denise David, or Chris McLeod. See advertisement in this addition of the Currents for further details.

Boating Safety Seminar: Using VHF & VHF/DSC Marine Radio -Wednesday, May 12-The deadline for signing up for this course is April 17. Please contact me immediately if you would like to attend. You can review the last edition of the Currents for full details of all seminars. Questions can be directed to myself or Paul Roetling.

Commodores Ball- Saturday, May 15 -Hosts Kennie and Bob Dubil again have done a wonderful job of preparing for this event. The ball will be held at the Sandy Beach Yacht Club in Grand Island. Cocktails will be served at 6:00PM with dinner to follow at 7:00PM.. You will be receiving invitations for this event shortly in the mail.

Spaghetti Dinner – Saturday, May 22 Host Frank and Claudia DelRusso are going to turn the club house into Little Italy. Jim Rebholtz, a well known local chef, will be assisting us with food preparation and our violinist will definitely provide the ambience for a night of fun, friendship and relaxation. Look for further announcements and signup sheets on the club bulletin board and on the TYC website.

Flower Sale- TYC will be holding a flower sale during the month of April and beginning of May with all flower pickups to take place on May 22. Proceeds from the sale will benefit TYC. Orders for planting flowers and baskets will be taken in advance and filled on a first come first serve basis as availability allows. As you know, because nurseries have a limited supply of plantings, some flowers will be gone quickly as towns, villages and businesses prepare to dress up for the summer. Getting your order in early is important. Order forms will be distributed to TYC members in the next few weeks. Flowers will be hardy, full grown, and in bloom. Kandi Adelizi will be chairing this event.

On another note, we are still looking for someone to run the Blues, Brews and Texas Barbecue Bash on July 10 and the Sail Past Picnic on June 12. Many of the details have already been arranged. so planning is minimal. We are also looking for a club cruise director for the Mimico trip on July 30, 31, July 1. Contact me if you are interested.

Thanks to all who attended the TYC Winter Social. Sixty members participated in a fun night revisiting friendships, sharing thoughts regarding the upcoming boating season and dining on great food.

Looking forward to seeing you at the spring meeting!

TYC Book Club

About the Book Club

The TYC Book Club meets once a month during the boating season and occasionally during the off season. It is a chance for members who enjoy reading to get together, socialize and get to know each other better. Conversation is not meant to provide for scholarly discussion but more of a fun hour of lively chatter with books covering a wide range of interests. We will meet on the 4th Sunday from May through September at 12: 00 p.m. in the TYC clubhouse. We welcome everyone to attend any or all meetings. All are welcome to come whenever they can. If you have questions contact Linda Maddigan or Denise David.

2010 Schedule and Book Slections

Sunday, May 23	<i>The Help</i> By Kathryn Stockett	12:00PM	TYC Clubhouse
Sunday, June 27th	<i>The Book Thief</i> by Markus Zusak	12:00PM	TYC Clubhouse
Sunday, July 25th	<i>Loving Frank</i> By Nancy Horan	12:00PM	TYC Clubhouse
Sunday, August 22	<i>Hotel on the Corner of Bitter and Sweet</i> by Jamie Ford	12:00PM	TYC Clubhouse
Sunday, September 26	<i>To be announced</i>	12:00PM	TYC Clubhouse

Fleet Captain Bill Maloney

It's really great to finally be talking about Launch Day. A lot has been happening at TYC this past winter and we are all looking forward to enjoying the improvements for the 2010 boating

season.

Launch weekend is Friday to Sunday, April 30, May 1 and May 2. As in the past, we will start as close as possible to 4:00 PM on Friday. However, please note that this year will be different than recent years. As there are no boats stored on the Mainland area due to this winter's reconstruction, we will start launching in the parking lot on Friday and moving down the road as far as we can into the evening. If the weather is good, we expect to round the corner at the gas dock before stopping for the evening. Obviously then, we would start at that point on Saturday morning at 7:00AM.

What this all means is that the usual schedule does not apply this year. Please

note the above changes and be present and ready to launch when the crane and crew get to your boat. Everyone with boats stored from the parking lot to just past the gas dock should plan on being present on Friday. Those stored along the northeast wall need to be present early Saturday morning. If you are assigning a proxy, please notify me in writing in advance and provide the proxy with a copy. Delays are costly in crane and operator time and we strive to be as efficient as possible in order to minimize the cost to the Club. We will be ready, we ask that you are also.

As part of your preparation, please remember to have 50 feet of good line attached to your boat at bow and stern to allow the launch crew to maintain safe control as the boat is lifted. Also, properly located lift marks are a big help in the Spring and essential for the Fall haulout. Lift mark stickers will be available at the bulletin board if you need them.

For mast stepping, the boom truck will be used on Sunday starting at 7:00 AM at slip I-00. As with the launching operation, time is valuable. If you are

going to use the boom truck, have your mast properly prepared and ready to go. The purpose of boom truck crew is to step the mast, not assist with assembly. The Club crew will be manning the gin pole on launch weekend in order to assist members who have signed up for this service. Do-it-yourself stepping will not be permitted until this service is completed. The gin pole crew will start on Saturday at 10:00 AM and again on Sunday, if necessary, at 7:00 AM. A sign-up sheet will be posted in the clubhouse for both the boom truck and the gin pole stepping service.

Finally, as you get your own boat prep chores under control, please think about volunteering for one of the Crews – the Launch, Mast Stepping, or Kitchen Crews have time slots available. Sign up for a morning or afternoon. It's a great opportunity to meet and work with other TYC folks – to learn more about boats and the storage/launch process. It's also a great way to complete a few work hours. It can be enjoyable and really not that difficult. Contact me or sign up on the bulletin board when the clubhouse opens.

Treasurer Karen Burhans

Some club members have asked why their dues are subject to sales tax.

According to the NYS Department of Taxation and Finance (NYS Sales Tax Law), "dues paid to any social or athletic club in New York State are subject to sales tax if the dues of an active annual member, exclusive of the initiation fee, are in excess of ten dollars per year. (An active annual member is one who is not a life member, but who enjoys full club privileges.) Where the

tax applies to dues, the tax shall be paid by all members, regardless of the amount

of their dues." New York State Law also states "if a social or athletic club charges an initiation fee, that fee is also subject to sales tax if it is in excess of ten dollars, regardless of whether or not any dues are charged for membership."

Although missing the mark on budget a bit, we finished the 2009 fiscal year with a slight surplus.

I will be unable to attend the Spring meeting

in April due to family vacation, but will have annual financial reports available for all members at the meeting. As always, please feel free to email me (conhans@aol.com) with any questions/comments you may have regarding club finances. A reminder to please make sure you have a pre-approval from a Board member for any expenses paid out-of-pocket for the benefit of the club and put your name on all receipts to ensure expediting your expense reimbursement. Looking forward to another great year.

Rear Commodore **Jim Krakowiak**

As indicated in the last issue, 2010 is the beginning of major "infrastructure" projects at TYC: you will see a complete & reconstructed seawall in the Mainland area and at Haines; Electric service has been replaced, and a new parking lot retaining wall installed (replacing the old concrete & rail barrier). Further, the main water feed line has been replaced and increased in size; The bridge has also been repaired/reinforced with new sheet piling. All of this year's work is planned to be completed before we launch the boats.

Clark Marine's efforts on these infrastructure projects will benefit TYC for years to come. The job is first class and we are extremely appreciative of their work!

During this month of March, TYC also was

visited by the NYS DEC to inspect our gasoline tank and administrative procedures. Several violations were noted, which since have been corrected; The summary of the inspection show we required a new format for recording tank readings and reconciling the quantities of fuel delivered, used and stored. Maintaining a fuel system such as ours involves considerable

risk regarding a "spill" potential and subsequent containment & clean-up.

Since the last issue of the Currents, TYC will welcome new members Mike & Carol Browne who will be docking their 36 ft. Morgan sailboat with us.

Please make them feel welcome and comfortable with our

Club this coming year!

The 2010 plan for the "Currents" includes (4) issues; This "APRIL CURRENTS" issue, details events for the annual Spring Membership Meeting; As such, one of those details has been forwarded by the By-Laws committee to remind the membership that there were (3) By-Laws proposed, and approved at the annual 2009 Fall Membership Meeting. These will be included in the "2010 TYC Membership Roster".

The use of e-mail and website communications is a significant initiative of this year's Board of Directors. "WORK HOURS" as reported on the TYC website, will cause an e-mail be sent directly to me for proper recording; There has been a lot of volunteer activity so far this year; please input any work hours you contributed.

If there are

members without access to a computer/e-mail, then, by all means, call, write, or make a personal contact to communicate information.

Finally, TYC is always searching for new people of high character and a sincere interest in boating to become Members. If you know of a potential candidate, please get that information to Bob Stone &/or Bill Guggemos (who serve on our membership committee); They will follow-up and initiate the membership procedures. The Board of Directors has authorized several "incentives" this year to promote our member recruitment. As always, please e-mail at MyPace26@mac.com or call at 598-7272 if there are questions or comments.

Jim Krakowiak

Our First Annual Flower Sale **High Quality and Delivered to TYC**

This year we are holding a flower sale as a fundraiser for the club. A variety of planting flowers and hanging baskets will be offered for sale. Proceeds from the sale will be used to support club activities. The sale is also open to non-club members so feel free to invite your friends to participate. Price includes tax and delivery to TYC on May 22 between 12:30 PM and 5:30 PM. This is the same day as our TYC spaghetti dinner.

All flowers are nursery grown and hardy. Geraniums and accent plants will be delivered in 4 1/2 inch pots which should give you some indication of their size. The family owned and operated nursery and greenhouse supplying our plants, has been in business for 36 years and carries a reputation for providing quality annuals, perennials and shrubs. The Oglevee geraniums in particular are all patented varieties and are in high demand.

There are limited quantities of all plants and colors especially the patented geraniums. The greenhouse has sectioned off a part of the facility to hold and professionally care for our TYC orders until the May 22 pickup date.

Order forms can be found in the TYC clubhouse or downloaded off the TYC website. You can submit your orders by:

- dropping them in the box located in the TYC clubhouse;
- mailing them to Kandi Adelizi, 432 Dansworth Rd., Youngstown, New York 14174
- via email to dadelizi@verizon.net

Note: Activities are subject to change. Please continue to monitor TYC website and club bulletin board

Sunday, March 28, 2010

Dear TYC members,

This year we are holding a flower sale as a fundraiser for the club. A variety of planting flowers and hanging baskets will be offered for sale (see our order form for varieties and colors). Proceeds from the sale will be used to support club activities. The sale is also open to non-club members so feel free to invite your friends to participate. Price includes tax and delivery to TYC on May 22 between 12:30PM and 5:30PM. This is the same day as our TYC spaghetti dinner.

All flowers are nursery grown and hardy. Geraniums and accent plants will be delivered in 4 1/2 inch pots which should give you some indication of their size. The family owned and operated nursery and greenhouse supplying our plants, has been in business for 36 years and carries a reputation for providing quality annuals, perennials and shrubs. The Oglevee geraniums in particular are all patented varieties and are in high demand.

Although orders will be accepted up to May 15th, remember that filling your order is based upon availability. There are limited quantities of all plants and colors especially the patented geraniums. Because of their reputation, the greenhouse has been known to receive large orders from local towns and villages, so you need to order early. In order to better serve TYC customers, we were able to strike a deal with the greenhouse owners to fill our individual orders as they received. The greenhouse has sectioned off a part of the facility to hold and professionally care for our TYC orders until the May 22 pickup date.

Order forms can be found in the TYC clubhouse or downloaded off the TYC website. You can submit your orders by:

- dropping them in the box located in the TYC clubhouse;
- mailing them to Kandi Adelizi, 432 Dansworth Rd., Youngstown, New York 14174
- via email to dadelizi@verizon.net

We will date each order and fill them on a first come-first serve basis.

Please feel free to call me at 745-1015 if you have any questions.

Sincerely,
Kandi Adelizi
